Quality Compliance

LQMS

Effective Electronic Quality management system bridging thousands of ISO standards

LQMS is a database application with incredible death and breath in functionality. No more big files of manuals, Procedures forms and logs, updating of documents / records the software will consolidate your whole QMS into a single icon on your computer desktop.

Standards Supported not limited to

Manufacturing/ Distribution	Medical Labs Calibration & Testing Laboratories	Food & Beverage	Inspection Bodies	Certification Bodies	Government & Accreditation Bodies	Health & Safety
